CONTEMPLATION

Remember that in body thine a God is dwelling there;
Thy Temple from pollution free let is forever be.
Offend thou not thy God in thee, indulging in man's lusts;
Moreover if tormenting self thou groanest foolishly.
God has descended just to see the world with eyes thine,
Then breathe on Him with senses pure, the Breath of Sacrifice.
It's He in thee, that sees, feels, thinks, and speaks by day and night.
Be thus in all thou dost see, feel, think, speak—divinely bright.

We all admire a man who says what he thinks—as long as he says it about other people.

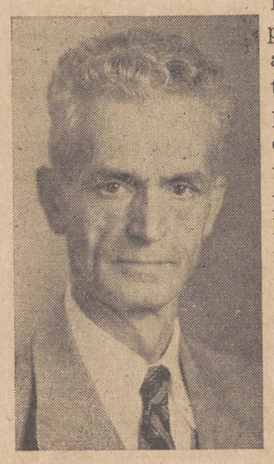
Menace and Purpose of O. P. A.

Sanhedrin NOT Internationalist but Supra-Nationalist

REDS & CRIMINALS ARE "ISOLATIONISTS"

By C. Leon de Aryan

The OPA, Office of Price Administration, is not now, and has never been, administered for the benefit of the American people. It gives lipservice and makes promises, again and again and again, to fool the suckers that its purpose is to protect the common herd against the big bad wolf of exploitation, but, like the labor rackets, the OPA is a super-racket **run by the worst type of exploiters, the WAR-MAKERS.**



C. Leon de Aryan

The purpose of the O PA, now and during the past war-years, has been to enable the war-makers to rob the people more scientifically to the end that the war-makers may successfully wage war for the profit they set out to get during the war-waging as well as a result of "victory". Naturally, the American people would not support such administration if the truth were told bluntly, therefore, the purpose is camouflaged. Without an OPA the profit taking would be so open and the little and big racketeers would all be on a common footing, that the sheep would soon be bled to death and skinned alive to the point where the goats would revolt and impede the successful steamroller of the war-makers.

The OPA, then, regiments all who might make a profit, hamstrings them with red tape and the FBI, as well as the courts, and then channels the war-profits into the pockets of the specially privileged group that is in cahoots with the Sanhedrin in the purpose of the war. Therefore it is absolutely stupid to expect that the OPA at any time was enacted to help either the average consumer or businessman, the worker or ex-G. I., its only and sole purpose is to divide the left-overs among the suckers without arousing too much envy among them and strife. But its final goal is the same as of the war. **To destroy Individual Initiative and make everybody a slave of the Sanhedrin.**

Disclosures made at the Pearl Harbor investigation, and testimony given at Nuernberg, proves that the war at no time was "inevitable" but that Churchill and FDR, as well as Hitler, Stalin Hirohito, were used by scoundrels worse than either of them, or all lumped together, to force war upon the world that the Sanhedrin may reap dominion out of the confusion. This also is the purpose of the UNO, as well as the maneuvre by which Stalin is destroying the UNO. Now the suckers will be told: **"See, we TRIED to keep the world at peace by the UNO but Stalin refused, so now, everybody make war on Stalin."** That was the original purpose of establishing the UNO and it works out as planned.

THE REAL WAR CRIMINALS

NUERNBERG,—Birger Dahlerus, a Swedish engineer, testified that Sweden rejected a suggestion three weeks before outbreak of World War II that it—or King Gustaf V—attempt to mediate between Germany and Britain.

Dahlerus told the international military tribunal, he then personally carried a six-point peace plan from Adolph Hitler to British Prime Minister Chamberlain four days before the Wehrmacht marched into Poland.

Taking the stand as a defense witness for Hermann Goering, Dahlerus said Hitler's proposals, which he took to 10 Downing st. Aug. 27, 1939 for submission to Chamberlain, Lord Halifax and others, were:

Germany would sign a pact of alliance with Britain; **England would help Germany obtain Danzig and the Polish corridor, but give the Poles use of Danzig's port; Germany would guarantee Poland's sovereignity;** agreement on Germany's former colonies would be made, "adequate guarantees" on the treatment of the German minority in Poland would result, and Germany would pledge to "defend the British," (against Russia).

STIMSON'S NOTES

The Diary Notes, kept by Secretary of War Henry L. Stimson, revealed that the "war cabinet" of FDR had a meeting on Nov. 25, 1941, where all of them conspired how to entice the Japs to attack Pearl Harbor, and succeeded too darn well for their own expectations; that the British Ambassador Halifax was surprised when the original truce agreed upon between Japan and the Allies was not carried out, but instead Hull had broken off negotiations by presenting his ultimatum to Hirorito which was calculated to start the attack by Japan.

FDR HAD PUSHED EUROPE INTO WAR

The whole history of the FDR administration reveals that he and Churchill had been the stooges of the Sanhedrin who played upon the vanity of the egomanic President and the genial whisky-guzzling Churchill to become the "greatest men" of the world by producing the continuation of the Sanhedrin's War I, which now has "progressed" to War III. Just as Churchill's determiniation prevented England from capitulation to Hitler after Dunquerque, because Churchill was on the groundfloor of the psychological studies which are the basis of gigantic exploitation of sucker peoples, exactly so Churchill was able to push the world again and again and again into war inspite of Hitler, Stalin, Hirohito and the peace advocates in England and the USA.

Nuernberg revelations and Stimson's diary demonstrate the technique. We well remember how FDR openly urged Jugo-Slavia into the war as well as the rest of the Balkans, to keep the cauldron of hell hot until he could throw America's youth and wealth into it, too.

It is absolutely insane to expect that the machinery produced to expedite hell on earth ever was intended to safeguard the American standard of individual initiative and life. On the contrary, it was cleverly designed, devilishly clever, to destroy American independence as a nation, and its individual enterprise.

All the war crimes chalked against the Axis personnel were enacted on a larger scale and more devilishly by the Allied planners. Burning Japs alive with flame throwers is by no means more "Christian" than the Buchenwald and Maidanek incinerators. In fact, Stalin wanted no war, he was not ready. Hitler wanted no war, he wanted an alliance with Britain. Hirohito wanted no war, he wanted a truce which, as War Conspirator Gen. Marshall confessed, would have demonstrated to Hirohito's staff the folly of having Russia on their flank. Who wanted war? **FDR and Churchill as agents of the Sanhedrin.**

Who is the Sanhedrin? The unholy alliance between a group of landowning Tories and Jewish Bankster-usurers. They also control the oil sources of the world.

THE REBELLION IN "HEAVEN"

The real isolationists are the rebels against God and HIS RULE. They imagine they can isolate themselves from the consequences of breaking universal LAW. All who prefer to ignore the facts of stellar language which says that the suns and planets have a history of innumerable eons of time behind them and that all motion, microscopic and macrocosmic, is subject to LAW, imagine that they can isolate themselves against the effects of their own actions. They are called rebels in holy script; they are the ones who will not accept the universal LAW of God, but imagine they can **use the LAW to contravene its effects.** The stupidity of such an attempt is selfevident. No creature can rise above the universal LAW from which it derives its existence. All the violations of this LAW are inexorably cumulative and the violator has to use more and more obstructive means to prevent immediate adjustment. This is the cause of all crime that culminates in world wars.

The Christ teaches the universality of LIFE as well as the universality of the Divine EGO, the child of God, in **every living being.** This individual bond makes them ONE family, regardless of class, color, creed and status. The animal has it as well as the human. Where there is LIFE there is GOD.

The atheist attempts to ignore the universality of LIFE in its individual manifestation, hence in ignorance attempts to counteract it. His ignorance is ISOLATION from the truth and the facts of life. Hence the Communists are THE isolationists. This is demonstrated by the iron curtain of Stalin as well as the Jewish Ghetto isolation of their clans, the exclusiveness of "salvation" of the Vatican racket.

Zionism is another expression of Jewish isolation from which they propose to rule the world.

INEXORABLE LAW OF KARMA

He who draws the sword shall perish by it. What you sow you shall reap. He who digs a trap for another shall fall into it.

Religion is the application of these truths to daily living.

He who makes his living by butchery shall be butchered. It starts with the animal kingdom and ends with the human. If you want to know why you and your kind are having perennial wars and **why God allows it,** the answer is given in the two illustrations we produced in February and June 1942, & we are here reproducing them to show you why God will never interfer with the LAW of Cause and Effect. You are free to make your own hell as well as your heaven on earth. THAT IS FREEDOM.

HOUSING ADMINISTRATION, TRAP

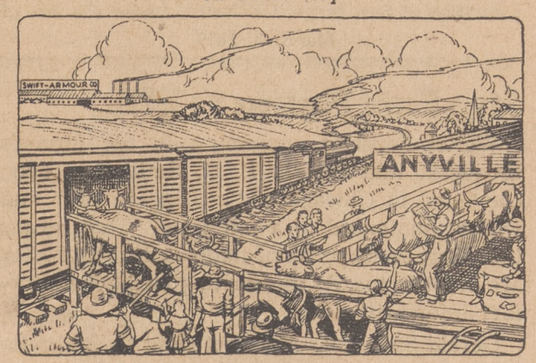
The enactment of the G. I. housing project is not for the purpose of facilitating houses for ex-G. I.'s, but to keep them in line, as "good-boys" who will not oppose the administration. To give a chance to build houses for everybody, for all civilians, all it takes is return to the unhampered era of free American enterprise. The American people would rebuild America in 2 years once the OPA and all red tape is abolished.

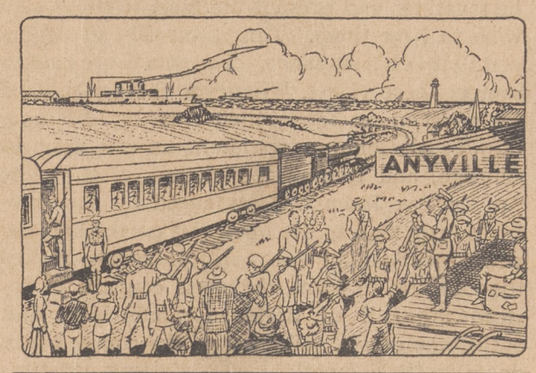
Dear Mr. de Aryan:

Reading a famous historical work I came across the following:

"In the 2nd century, for example, the Jews on the Island of Cyprus are more numerous than the other inhabitants; they resolve to found a national State, and with this intent

On Their Way





follow the procedure known from the Old Testament: **They slay in 1 day all other inhabitants, 240,000** in number; and in order that this Island State may not be without support on the mainland, they at the same time slay 220,000 non-Jewish inhabitants of Cyrene."

Huston Stewart Chamberlain Foundations of the 19th Century, vol. 1, page 342.

What have our "Jewish Humanitarians" to say to this??

Well as I know them, they would try to deny the existence of this Historical fact.

The terrorist activities of the Zionists in Palestine clearly indicate the true character of this peculiar race.

RED PROBERS WON'T REPORT ON WEST COAST

WASHINGTON, — The House committee investigating un-American activities probably will not make a report on its investigation of reported subversive activities on the West Coast.

Committee aides told newsmen most members do not favor compilation of a report. The committee had an investigator on the West Coast for some time making inquiries and he gave the committee a lengthy report which never was published.

When the investigation started Representative Rankin (Democrat), Mississippi, a committee member, said it would center on the Hollywood film colony. He asserted that a "plot" was under way there to inject Communism into movies.

LEND-LEASE TO RUSSIA

WASHINGTON, D. C. ,— A move to save $200,000,000 worth of lumber, farm equipment and other material still being sent via lend-lease to Russia and other foreign nations recently was opposed in the House by some California Democrats.

According to the Congressional Record, the move was defeated when 143 Republicans and four Democrats were outvoted by 170 Democrats.

California Democrats who voted to continue lend-lease spending were: Franck R. Havenner, 4th District; Clair Engle, 2nd; George P. Miller, 6th; Alfred J. Elliot, 10th; George E. Outland, 11th; Jerry Voorhis, 12th; Ned R. Healy, 13th; Ellis E. Patterson, 16th; Clyde Doyle, 18th; Harry R. Shephard, 21st, and Ed. V. Izac, 23rd. California Democrats who failed to vote include John H. Tolan, 7th; and Helen Gahagan Douglas, 14th.

Carl Hinshaw, Twentieth District Republican, voted to prevent the $200,000,000 being spent for further lend-lease shipments.

During the debate, one Republican spokesman pointed to shortages particularly affecting veterans and farmers, and said: "Under such circumstances it is difficult to justify continued shipment abroad of these scarce commodities under the Lend-Lease Act, especially in view of the fact that the President terminated operations thereunder on August 17, 1945."

Democrats said materials still being shipped, included $180,000,000 worth earmarked for Russia, were for supplies ordered prior to the President's August order. They favored permitting foreign nations to buy the still undelivered material on 50-year notes drawing 2 and 3 eight % interest. Republicans charged the administration was using the "prior order pipe line" as a subterfuge for "post-war lend-lease," and pointed out that U. S. veterans are charged 4 percent interest on loans.

Jews Force Pogroms on USA

Walter Lipshitz announced in his Jergen's broadcast that Gerald L. K. Smith has been convicted in Chicago of "inciting to riot" and will be sentenced to a jail term. That means that Rev. Arthur Terminiello and Fred Kister are in for it, too. At this writing we have no further information.

Gerald Smith has a perfect right to hold public meetings and present the facts to those who wish to hear them. This is his Bill of Rights and that of his audience. The courts are paid to protect these rights. Whenever the servants of the government betray their trust by liberating the Jewish-Communist rioters, as was done in Chicago, and finding the victims of the riots "guilty", as Jesus was sentenced by the Jewish rioting mob to die upon the cross, then the Jewish control of the political courts incites the Gentiles to form vigilantes councils to restore the Bill of Rights for non-Jews and anti-Communists. Whenever the courts break down in their functions of protecting constitutional rights and mobrule triumphs, as in Chicago, then, of course, the Jews have eliminated orderly government and mobrule works both ways, resulting in pogroms.

Editor in Auto Accident

Monday, April 1, at 4:50 p. m., I turned into 43rd street from El Cajon boulevard and at the intersection of Orange avenue a car driven by an ex-GI, from Kansas with a Kansas license and no domicile anywhere, just caught the rear-end of my small Willys after I had almost crossed the intersection. Had his brakes been in working condition the accident would not have happened. The impact ruined the rear-end of the Willys and at this writing I don't know whether I have any broken ribs. I hit the backrest of the seat & broke it off its hinges, so I wonder whether the ribs were stronger than the hinges. The left hand, too, is wrenched and a bump on the forehead.

The ex-GI does not own his car, carries no insurance and when the police tested his brakes he admitted they were not working and that he had known it all the time. So they gave him a ticket. He has not been gainfully employed lately.

I walked 2 blocks to the printshop, corrected the galley proofs and will take the street car home. If the back and side will continue to pain will have an x-ray taken.

Now I will have to see whether the Willys can be repaired or whether my son must buy us a car. In both cases we must depend on voluntary contributions to pay the bill as I have no other money on hand but just enough to pay the printer for this issue of The Broom. Without a car I am completely helpless as I have to travel great distances in the line of work.

Tuesday, 6 a. m., April 2,—After writing the above lines, at the printshop yesterday, when I attempted to rise from the chair the pain in the side informed me that I did have a broken rib. So I walked over to the police station in East San Diego and told the hospital stewart to bandage me up. He said he could not without doctor's advice and I called up police surgeon Dr. W. F. McColl. One good thing about being a newspaperman, everyone of consequence knows me and the doctor was very friendly and came over. He considered it fortunate, under the circumstances, that I did not incur a cracked skull and bandaged the rib. The stewart bandaged the left hand. The doctor advised that the police prowl car take me home.

The news of the accident had preceded me and my maiden landlady was quite concerned. She helped me undress and go to bed after I had arranged with Dr. Louis Stralhman for an appointment at 11 a. m. today to receive a complete checkover.

The crash-car officers who investigated the accident and gave the driver of the other car a ticket, for violation of Section 670-A of the California Motorvehicle code, were H. Charman and W. Jensen of the San Diego police department.

Since I am trained to find the good in every experience, I relaxed immediately in bed and had a good night's sleep not bearing resentment against anybody.

This is part of my day's work. When I landed in Baltimore, Sept. 1912, I had to play the role of the "poor immigrant", who came to the new world unrecommended under the vow of voluntary poverty to be always on the ground-floor where the vital national currents would strike me that I may experience the actual life of the mass of the people. I have strictly lived up to the assumption of poverty and in this fashion every change in national currents registers on me personally.

During the war I had to experience what happens to the "poor man" in the street when he dares speak the truth and went to jail for being too poor to raise the exhorbitant bail. After the war I have to learn what this wave of irresponsible floaters, war-crazy ex-GIs, is doing to the people with its increase in automobile fatalities. I have to marvel how in all these experiences, like when in 1936 the striking longshoremen threw me in the San Diego bay after administering a beating, that I come out alive and still able to continue my work, while the marks are left on body and mind.

We carry insurance for property damage and personal injury libility to protect the other fellow but had none for ourselves. I had it taken out when the boys started driving as I don't figure I'll ever hit anybody and never have.

Tuesday, 2 p. m.—Dr. Strahlman gave me a thorough checkup. X-rays show no bones broken anywhere. Dr. McColl had warned me that cartilage injury of rib would not show in x-ray picture. Dr. Stralhman says that bone bruises are more painful than breakage. Bandaged me anew. At least won't have to be concerned about broken bones healing properly together again.

Am losing considerable time waiting for and riding street cars instead of driving my car. That's what long distances produce especially when one has to transfer from one line to another.

Red Rogge Goes Fishing to Germany

IN THE DISTRICT COURT OF THE UNITED STATES, FOR THE DISTRICT OF COLUMBIA
UNITED STATES OF AMERICA,
Plaintiff,
v. Criminal No. 73086
JOSEPH E. McWILLIAMS et al.,
Defendants.

MOTION TO STRIKE MOTION AND EXPUNGE FROM RECORD

Now comes GEORGE SYLVESTER VIERECK one of the defendants in the above cause, in propria persona, and moves that this Honorable Court strike the Motion filed on March 1, 1946, on behalf of the plaintiff by Oetje John Rogge, Special Assistant to the Attorney General, designated "Motion for Time;" and further, that the said motion be completely expunged from the record: (a) because it is not filed in good faith, but constitutes an attempt to draw a red herring across the trail of Communist espionage by reviving the corpse of the so-called sedition trial; (b) because it is a deft attempt to confuse the issue, based on hearsay and innuendo, which, even if the allegations touching this Defendant were true, in no way proves the existence of a "seditious conspiracy;" (c) because any attempt to drag out the life of the three fantastic indictments, held over the head of this Defendant like three swords of Damocles, clearly violates the constitutional provision vouchsafing a speedy trial.

In support of this motion Defendant Viereck alleges that:

1. The attempted revival of the grotesque sedition trial, denounced as a "farce" and a "blot on American jurisprudence" by jurist and laymen alike, at this late hour—nearly four years after the first indictment, more than three years after the second "superseding" indictment, and almost two years after the abortive trial on the third indictment—is clearly an attempt in response to divers sinister fellow-traveling pressure groups, to divert public attention from the sensational charges of espionage against Soviet agents in Canada and elsewhere.

2. The chief purpose of Mr. Rogge's proposed fishing expedition to Germany at Government expense is to make "news," after four or more books, ("Under Cover," "Black Mail," "It's A Secret," etc., etc.) published at the instance of mentioned pressure groups, and violent appeals for pressure on the Department of Justice by certain radio commentators, mudlarks of the air, failed to arouse public interest.

If the Prosecution is permitted to engage in this junket for the ostensible purpose of examining witnesses and unearthing new "evidence" years after the indictments were returned, attorneys for the defense should likewise be permitted to travel abroad for the defense of their clients at the expense of the Government, especially in the case of this Defendant, whose means have been exhausted by a long series of persecutions.

3. Mr. Rogge's reference to an alleged conversation of Heribert von Strempel with an anonymous representative of the State Department, is clearly hearsay and deserves no consideration in any Court of Law. However, even if Mr. Rogge's allegation were true, it has no bearing on the issues of the "sedition" indictments. It in no way connects the Defendant Viereck with any "conspiracy" to undermine the morale of the Armed Forces; if true, it would merely constitute another chapter in the patriotic activities of this Defendant to keep America out of war in support of a solemn pledge by the late President of the United States, reiterated again and again and again in his speeches. This Defendant, as a result of this war and of the persecutions launched against him, has lost his youngest son, Corporal George Sylvester Viereck, who fell at Anzio; his fortune has been dissipated, his marriage wrecked and he has been incarcerated for nearly four years. Parole, for which he was eligible, has been denied to him, primarily because of the pending preposterous indictments. The prolongation sought by the Government will delay his parole still further.

4. Nearly a year has passed since the German surrender. The person or persons to whom Mr. Rogge darkly refers have been available to the American Government. There was no excuse whatsoever for postponing their examination, until now, when the turning of the tide against Communists and fellow-travelers, of whom Mr. Rogge is alleged to be one, makes diversion essential for the purpose of drawing the red herring across the trail of the agents of Moscow.

5. Any testimony secured from former Nazi Officials who are in fear of their lives must be viewed with gravest suspicion. Men with a halter around their necks make complaisant witnesses for the government. Any other "evidence" dug up by Mr. Rogge on his proposed junket is likewise subject to grave suspicion. Germany is on the verge of starvation, chaos reigns in the country split into four regions by the power-politics of the conquerors. It is notorious that a bar of chocolate or a pack of American cigarettes will buy almost anything in the Reich. The Court may as well take judicial notice of these conditions which would taint any "evidence" obtained from such sources.

6. The eight-month trial before the late Chief Justice did not unearth one scintilla of evidence involving this Defendant in any "conspiracy."

7. The indictments were obviously founded on "evidence" presented to three Grand Juries, which, even the prosecution has found wanting, or they would not have delayed a resumption of the trial beyond reasonable limits. It seems a dubious stratagem to go fishing now for alleged evidence which was lacking when the indictments were returned. It certainly would establish a precedent, which, if permitted to pass unchallenged, will have unfortunate legal repercussions. If a prosecutor can go about, seeking what he might devour to bolster up a deficient indictment after several years, no defendant can ever be free from the fear of persecution when political pressure indicates its expediency.

This Defendant has suffered before from unscrupulous prosecutors. He suffered to such an extent that the Supreme Court of the United States severely denounced the original instigator of the "sedition" indictments, now a high official in the Department of Justice, for striking "foul blows" against the defendant. This too, is a matter of which the Court may take judicial notice. There is no doubt that this Court agrees with the further statement in the opinion rendered by Chief Justice Harlan F. Stone, that it is incumbent upon the Judge to protect the rights of the defendant, even when his attorney fails to safe-guard his interests. Defendant Viereck is practically without legal advice. The Court-appointed attorney, Mr. Ben Lindas, has not conferred with him for over a year. He has not even contacted him in spite of solemn and repeated requests by the Defendant and by the Court, after Prosecutor Rogge attempted to revive the putrifying cadaver of the un-American and probably unconstitutional series of persecutions which culminated in the three "sedition" indictments.

WHEREFORE the Defendant Viereck respectfully requests the Court to strike the Motion of Mr. Rogge and to expunge it from the record. The Defendant also requests the immediate dismissal of all three indictments on constitutional grounds.

George Sylvester Viereck.
Defendant

GEORGE SYLVESTER VIERECK, speaking in propria persona, being duly sworn according to law, deposes and says that he prepared the foregoing motion, and that the facts therein stated are true to the best of his knowledge and belief, and that he believes them to be true. LIFE OF CHRIST

The Birth of a Savior

A Fragment of Ancient History Among Covenanters Transcribed and Abbreviated.
By Rev. Dr. Otoman Zar-Adusht Ha'nish of Math-El-Karman. (Conclusion)

As they went, these lowly, humble shepherds of Yousef's estate, the morning star beamed brightly in the sky, sending its radiating light toward the home of their Savior. Brighter and brighter it shone, the son of the morning, while the heavens seemed to open at the joy of the shepherds' hearts, for their minds were full of the glorious things awaiting the hour of liberation. As they raised their eyes unto the heavens in thankfulness of the Lord of Mercy, it seemed as if they heard the hosts of angels shouting for joy and repeating the message of the new-born King. With their hands uplifted they greeted the star, saying:

Praise be unto thee, thou star who comest from afar,
We greet thee, thou most glorious, victorious morning star;
Hail be unto thy brightness,
Hail unto thy estate.
This day thou hast decided our destiny and fate;
Praise be to thee forever and evermore.
And Him whom thou hast sent to us,
To free and to deliver us,
Peace, peace, peace be unto thee;
Peace, peace, peace, for we are free.

Arriving at the cattleshed the shepherds prostrated themselves before the doorway, and upon their knees lauded the Lord of the heaven and the earth for their deliverance, saying:

Praise ye the Lord. Praise ye the Lord from the heavens: praise Him in the heights.
Praise ye Him, all His angels: praise ye Him, all his hosts.
Praise ye Him, sun and moon: praise Him, all ye stars of light.
Praise Him, ye heavens, and ye waters that are upon the earth.
Let them praise the name of the Lord: for He commanded, and they were created.
He hath also established them for ever and ever: He hath made a decree which shall not pass.
Praise the Lord from the earth, ye dragons, and all deeps;
Fire, and hail; snow, and vapour; stormy wind, fulfilling His words.
Mountains, and all hills; fruitful trees, and all cedars:
Beasts, and all cattle; creeping things, and flying fowl:
Kings of the earth, and all people; princes, and all judges of the earth:
Both young men, and maidens; old men, and children:
Let them praise the name of the Lord: for His name alone is excellent; His glory is above the earth and heaven.
He also exalteth the horn of His people, the praise of all His saints; even of the children of Israel, a people near unto Him. Praise ye the Lord.

After singing many more psalms appropriate to the occasion the shepherds placed their presents before the child's mother, and kissing the hem of her garment said:

"Hail to thee, blessed mother ·;
Thou art highly favored;
The Lord is with thee.
Blessed art thou among women;
Blessed is the fruit of thy flesh;
Henceforth all generations shall call thee blessed."

With joy and thanksgiving in their hearts the band of shepherds left the holy crib, now made the holiest of the holies to them, and repaired to their flocks. Their songs and hallelujahs soon aroused the curiosity of the far-off camps, who gathered about to inquire as to the source of such ecstasy and exceeding joy. With one accord and in the height of enthusiasm Yousef's shepherds said:

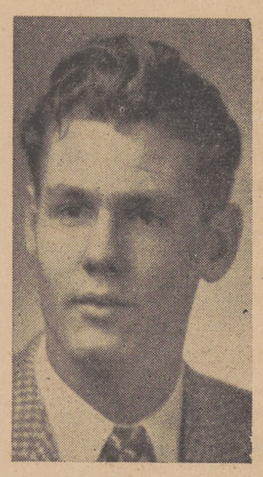
"Rejoice with us in the message of peace;
The glory of the Lord is upon us.
We bring you an evangel of great joy,
A message of joy unto all people,
For unto us this day is born a Savior,
Who is the anointed One of our Lord.
Yea, unto us a child is born;
Unto us a son is given;
And the government shall be upon His shoulder;
And His name shall be called Wonderful, Counselor,
The Mighty One, the Everlasting of the Father,
The Prince of Peace.
Of the increase of His Government of peace there shall be no end.
Upon the throne of David, and upon His Kingdom, to order it and establish it with judgment and with justice from henceforth, ever, forever,
The zeal of the Lord of hosts will perform this.
Yea, He has come to redeem His people, Israel."

And all they that heard it wondered at those things which were told them by the shepherds, and made known abroad the sayings which were told them concerning this child. From mouth to mouth this message spread.

"Glory, glory, glory to God on high;
Peace, peace, peace has come to earth;
Good will to man thru our Savior's birth;
Joy. joy, joy from afar and joy, joy, joy from nigh."

David's Official Anniversary

Last Sunday, meaning March 31, David's mother, Fred and myself stepped into our trusty Willys 36 at 7 a. m. and drove into Los Angeles to celebrate David's first anniversary of being drafted for **work of national importance.** Marcella and Ernie gave a party for him on the occasion.



DAVID L. de ARYAN

While Veiva, David's mother, and Fred helped with the physical arrangements for the party I went to the Temple where Norma and David attended services with Henry Sorge, the nominal successor to the spiritual leadership of the Los Angeles community, officiating.

Henry needs help and shall get it, for: "where 2 or 3 come together in my name, there I am amongst them" and Henry asked for help from the platform. After going thru the official rituals of Sunday morning, he unburdened his heart in frank appeal to the communicants to help him, with written counsel, to prevent closing of the Temple-center, which is losing attendance and to help him prepare for the coming semi-annual Gahanbar, the congress of all communicants.

A colored lady, Isabell Pfeister, sang a song to her own piano accompaniment. I noticed that at a previous service, conducted by Philip Ramus, the same colored lady was called upon to sing and was introduced as Mrs. Larson. Evidently there exists confusion, for Mazdaznan has a different message for colored people than the one given out at present to the white or Aryan race, which goes over the heads of other races, they not having reached the organic unfoldment where the Thought of the Lord God Mazda could reach Self-recognition.

The case of Mrs. Pfeister exemplifies the danger of social comingling between whites and other races, for apparently she succeeded to mary a Scandinavian Larson, and thereafter a German Pfeister which misleads the Temple officiants in accepting her on equal footing with a white woman.

Of course, I had met the lady before and she gave me a piece of her life-story in France, where, as in Brazil, colorlines are not as pronounced, as for example the Bahai followers mix the races, but as long as she did not interfer aggressively and arrogantly with my work I had no occasion for putting her in her place, which now she forces upon me, since she beguiled even David who invited her to his party, and here is where I draw the line. Being invited I had to tolerate her presence and she rewarded it by assailing the topic of my address, where, after breaking bread and passing the loving cup, I reminded David, and those present, that the Lord God Mazda is Our Father and we are here to serve His Original plans, and none other by being about Our Father's business.

After the address Mr. Pfeister came to me & Fred with the charge that I was **perverting the Mazdaznan teachings** by referring to the Lord God Mazda in **male terminology** as Our Father, when the Diety is sexless and should be spoken of in the neutre "It" and not "He".

This goes to show how the colored woman's mind misses the substance and is confused by having sex on her brain in place of spiritual perception.

Henry Sorge needs help. The oldest members of the original Mazdaznan group who take part in public activities are Kurt Graichen, Ruth Hilton, and some others who play an auxiliary role. As in the times of Jesus, the females of the group could not grasp the Principle of His Mission; the very mother of Jesus, as well as the Apostle's mother, expected a political clique rulership in place of the Kingdom of God, so that the mothers asked Jesus for preferential positions for their sons.

Emanuel Bachman, by lineage Jewish, has been entrusted by Dr. Hanish with the keeping of the purse, as Judas Ischariot was the treasurer of the group around Jesus. For that job Emanuel is well qualified and is doing his best. But Henry needs now suport of the old timers, since their experience must be utilized in carrying on the work.

The best advice we can give him is the same we gave David at the party after we broke bread and passed the cup. Mazdaznan is the Master-Thought. To find it we must subordinate every cell of our physical, spiritual and intellectual organism to the service of Our Father. When we have silenced all of the clamor within and have no other intent but to find the exact point in ourselves where we left Father's Being to go into the universe to do His Will, there we find the perfect Master-Thought outlined which presents to us our specific duties, means and opportunities. These we put into practice and not even the gates of Hell can prevail against it. There is where we start our systematic breathing to strengthen the body with the Galamic principle of Life victorious.

The message of Mazdaznan, as presented by Dr. Hanish, is the message of the Associates of God to the white or Aryan race. Since for political-inner-clique reasons we cannot do our share by speaking from the Temple platform, we follow Dr. Hanish's instructions by presenting it thru public print where it reaches a larger audience and does more good to encourage the seeking and the timid to stand fast in the Faith of Our Father who rules supreme.

Dear Mr. de Aryan:

Three cheers to the brave fighter of "The Broom". That's well done, and I wish you every success. On the next occasion I hope to be able to send you the subscription for your paper. Transferring money is at present full of obstacles. Beside I shall let you have our Mazdaznan Magazine. If ever you like you may use any essay therein. I always look forward to your "Broom" with eager interest, especially, of course, because of the news of the "court" (Hofnachrichten from L. A. center). I hope your son Fred is alright and is successful in his studies. I cherished these days to read a report of Mrs. Dorothy Thompson's "greetings" to the "Big Three", telling even of their lies to their peoples and the world at large. I shall send you my number 5 of 1945: "Woe to Liars"! I think you will enjoy it.

Hail Mazdaznan! Three cheers to the Broom!
With my and my wife's hearty greetings,
Yours sincerely,— OTHMAR BOEHM

WEAK HEART

The layman don't know that the heart is a powerful muscle, and subject to the law ruling all body muscles. As the biceps muscles don't contract and relax of their own free will and accord, neither does the heart.

As all muscles are impelled into motion by nerve force acting upon them, so is the heart. There is no exception to this law.

The strength of the heart depends on the strength of the nerve force. Strong nerve force means strong heart. The heart weakens when the nerve force weakens. When the nerve force fails, the heart fails.

The heart stops when the nerve force stops. This occurs when any poison paralyzes the nerves into inaction, as in the case of snake-bite, or poisonous fumes, gases and acids sucked into the lungs in sufficient quantity.

Motor car exhaust gas in a closed garage soon kills when inhaled into the lungs because it paralyzes the nerves. Of course, it takes longer on the highways to kill, because the gas is more diffused, less concentrated. But just give it time and it will do the job, and is doing the job all the time.

Tobacco smoke being less powerful than motor car exhaust, it takes longer for it to paralyze the nerves and stop the heart. But just give it time and it will do the job, and is doing the job all the time.

Sudden death in these cases is termed "heart failure" by the doctors. The facts are, death results from paralyzed nerves, not from heart disease.

Some day medical doctors may discover that heart function is the result and work of nerve action, of nerve energy—atomic-bio-energy—The Life Principle.

The First Christmas

Dear Mr. de Aryan:

When Mazdaznan started in Chicago, the Tribune did not give it agreeable space and Churchianity, Prostestants and especially the Roman Catholic theologians were loud in their denunciation of Mazdaznan and Dr. Hanish. Now the tide has turned completely, see what appeared in the Chicago Tribune on Dec. 24, 1945.

Sincerely, JOHN MAC.

THEY SAW THE STAR

The Wise Men who brought gifts of gold, frankincense, and myrrh to the first Christmas were priests of an ancient Persian religion, Zoroastrianism, and therefore believers in a form of monotheism. Members of this priesthood were called Magi, and their influence in the pre-Christian era seems to have been extensive. Herodotus, Greek historian of the fourth century, B. C., gives a favorable account of them.

DR. R. J. McBRIDE, D. C., 411 Fifth Ave., Bldg., Main 1466.

DR. O. R. WAGNER, D. C., 2863 Fifth Ave., Phone Jackson 1439.

According to Herodotus, the Magi controlled all religious observances in Persia, since they alone possessed the priestly mysteries for the worship of Mazda, who represented the divine power for good in Zoroastrian teachings. They were powerful in public and private affairs; they conducted the education of the young princes, and were in constant attendance upon the king as counselors. They were also soothsayers and interpreters of dreams; it is possible that some of their mystics were clairvoyant.

In the sacred writings of Zoroaster there is an eloquent description of a Magian:

"Thou shouldst call him priest, who sits the whole night thru and yearns for holy wisdom that enables man to stand upon death's bridge fearless and with happy heart, the wisdom whereby he attains the holy and glorious world of paradise."

The three Magi who followed the Star of Bethlehem because they had heard prophecies of the coming of a Messiah remained nameless for centuries. **In medieval legends** they became Gaspar (a representative of the black races), Melchior, and Balthasar, and their cult has centered in the cathedral of Cologne, where their bones are said to be entombed. The city itself died under shell fire a year ago, but the greater minster lifts its towers above the ruins. We are wondering if an account will come over the wires tonight about the first post-war Christmas eve at the rich shrines of Cologne's "three kings."

JUST A SENTIMENTAL JAG

MAC is making a premature announcement; one swallow does not make a summer. The article in the Chicago TRIBUNE was not meant at all as a tribute to Dr. Hanish, to Mazdaznan or even the Christ. The writer, of course, might have a secret respect for the Zoroastrian religion and so took this opportunity, offered him by the annual sentimental jag at Christmas, to smuggle in the true origin of Christmas and Christianity. But neither the TRIBUNE, it's editorial managers, nor Col. Robert McCormick intended that article as a recognition of Dr. Hanish and the ARYAN religion of pure fire-worship which is the source of Christ-worship. MAZDA, the Lord-God of Light and Life, Fire and Warmth, and HIS divine spark in MAN, the Christ, born in a manger, surrounded by animal instincts in mortal flesh.

Col. McCormick himself is a rabid defender of vivi-section; he has no more idea of what that article really contains than a cawing crow appreciates a symphony. Exactly as his contemporay, President Truman, who also indulged in the seasonal jag at Christmas to give vent to, "I do not believe there is one problem. . . . today which could not be settled if approached thru the teaching of the sermon on the mount". That's the same Truman who also said: ". . . . the Potsdam decision (Atom-Bomb) was a most difficult one".

Yes, Truman, of course, approached it thru the teachings of the sermon on the mount when he loosened the two atom bombs on defenseless Japan and murdered criminally and unnecessarily over 100,000 men, women and children. There is no defense against the A-Bomb.

One must realize that all these Shabes-Goyim indulge in seasonal jags but they don't mean what they say, nor do the poor idiots know what they say.

Of course, the Persian religion of the Zoroasters, meaning Princes of Peace, Zar-Adusht, is the ARYAN religion, THE monotheistic philosophy and school of THOUGHT, unsurpassed by any other school, because it is the VERY science by which the universe and all its creatures live and operate.

God has never left His Children in darkness and ignorance, a prey to superstition and violence, but how few are interested to KNOW and LOVE the truth !!?

Decries Hate Propaganda

Dear Mr. de Aryan:

I am enclosing check for $6 for which you will kindly book 2 subscriptions to "The Broom" for one year as follows— — — —

I greatly enjoy reading "The Broom" with its most interesting articles that hardly can be found elsewhere.

The attitude of the unforgettable President Lincoln regarding the question of the colored races, as exposed by you, proves the superior and most exalted mind of that great man.

Your answer to Mr. Chester C. Cook regarding the Church of the Golden Rule controversy is splendid. That gentleman poses a question which is directly opposed to the Golden Rule, and also shows, how much he himself has become a victim of the hate propaganda, to which we all have been subjected here since the beginning of 1933.

I also fully agree with you on the definition of a Christian. For many years I have claimed that there are hardly any real Christians to be found now-a-days, and to merely call oneself a Christian does not mean much. Naturally you will always get into controversary over the word Christian, because the most powerful head of so-called Christendom is "not a Christian" in the true sense of the word. Also the greatest virtue of a Christian is not his belief in God, but rather "the Knowledge of God". If the Pope were a real Christian and a true **representative of God as the Father of all mankind** and true successor of Jesus Christ who follows in His steps, could he possibly have kept mum during the years between 1917 and 1939, when more than twenty million Christians were slaughtered in Russia for their faith? Those Russians were primitive peoples. "the poor in spirit", who most profoundly believed in the divinity of Jesus Christ, and most assuredly were children of the very same God of whom the Pope claims to be the earthly representative. Although our prostitute press never exposed those brutal murders in such a way as to arouse general public indignation everywhere, the so-called Christian churches, inspite of the thoroughly controlled press and radio services, had it in their power to denounce those wantom murders from every pulpit and without relaxation, just as the Internationalists are always doing throughout the whole world, if only one of their kind has a hair touched somewhere upon the North Pole. Could it be that the Pope took the attitude: As long as those Christians lived in Russia, and no contributions from them ever reached my treasury, I am not my brother's keeper, as far as these brothers in Russia are concerned?

This naturally goes for all the other misrepresentatives of a once Christian church, which is now divided into three hundred odd sects, most of which defy quite openly the Master's supreme commandment: "Love one another!" Many of those self-styled representatives of Christ were openly spewing hate from their pulpits and inciting to war.

More power and success to you! — H. F.

Editor's Note: The Roman hierachy did protest the murder of 25 million Russians during the pre-war Soviet massacres, only this protest was confined to Roman Catholic publications.

Religion is the **application of the Knowledge of God to daily living,** not lip service.

Economic Equity

By Chas. H. Ingersoll
(THE ORIGINAL $ WATCH MAKER)

Dear Kosti:

I see you have raised two sons and educated them so bountifully that they are able to put you out in an argument. So I am writing to all three of you and telling you that you are splitting hairs over spiritual, emotional and moral codes, and whereas if you would mix in a little of that ECONOMIC SCIENCE you at least would have the satisfaction of "getting somewhere" in your argument.

Chas. H. Ingersoll

You choose for your title of this debate "The First Law of Nature", so you throw the door wide open for a first-class and high-class discussion as recommended because the first law of nature is the science of economics. At least it is the most forceful law which bears upon human and natural relationships.

This law demands that human beings have a right to themselves and all they produce: and leaving aside the millions of violations of the first mentioned rights we have in our greatest of modern civilization an almost universal violation of its second condition thru the approximate "stealage", as I insist on calling it, from each laborer, of about one half of his real earnings or production by the vast systematic monopoly of all natural resources and other land values, which amount to at least as much as all the values in labor and capital produced wealth—some 200 billion each.

This robbing or stealage is achieved thru a dual system—that of our taxation of all the products of the twin producers mentioned. This doubles the cost and price of this total of wealth, which in turn cuts down by one half the consumption of it by 135,000,000 consumers and thus dis-employs millions of workers and billions of capital.

The remedy for this is to take all this taxation off all products and put it onto the monopoly which will at once double all production and the enjoyment of it at deflated prices: AND even more important, it will free the earth of what is popularly called the Landlord, the Junker, the Fascist, and various other pretty names.

I trust you will forgive the interest I am at the moment taking in you and your family from the educative standpoint, and accept my helping hand: and incidentally perhaps letting in the balance of your thousands of readers to this—the great secret humanity has yet to discover.

Sincerely yours,
CHARLES H. INGERSOLL

Dear Sir:

I have been reading your paper with much interest and find that I want others to share what you have to offer.

Would like for the following people to receive your last issue of March 18. Also any other sample copies you might wish to send.— —

Am enclosing a small contribution of $10.

Federal City

Make the Bear Behave . . . FCCC & YMCA GO Negroid . . . Greetings to Chas H. Ingersoll

By WASHINGTON ADAMS

WASHINGTON, April 2 (Special) ,— Soviet Ambassador Gromyko, in leaving the United Nations council over the Iran question, showed up about as expected — an adult with the mind of an impetuous child, typical of the despotic oligarchy he represents .

The Soviets are the greatest sulkers in history. But where in history was there ever a nation of such great size ruled by mental children? (Some would say, "morons".)

Why should UNO depend upon Soviet Russia, the most ungrateful and criminal government of all time?

If Stalin wants to stay out, let him stay out. Sanctions could make him glad to apply for reinstatement.

Simply DO NOT TRADE WITH RUSSIA as long as she stays out. Lay the law down to the bandits: GET BACK INTO YOUR FORMER BORDERS, OR WE WILL PUT YOU BACK. We will recognize no ownership of territory acquired since 1938!

* * * *

FCCC & YMCA GO NEGROID

Chalk up two more sensational triumphs for Red bolshevism. The Federal Council of the Churches of Christ in America, supposedly a Protestant organization and long suspected of leftwingism, shows up as a **SOCIALIST-DOMINATED POLITICAL outfit.**

In its recent Columbus, Ohio, convention, it adopted resolutions endorsing three Red measures:

(1) It urged doing away with white churches —make them all Negroid, mixture of black and white.

(2) Approve the infamous FEPC scheme—to compel American employers to DISCRIMINATE AGAINST WHITE workers, and employ Negroes, Mexicans and Orientals instead of whites in certain instances.

(3) Urged passage of the inflationary 65 cent an hour SOCIALIST minimum wage amendment, and others of similar redness.

Thank God for the Southern Baptist Convention—one of the largest church bodies in the nation—whose president wired the maverick Federal Council, "You do not and never did represent us. We repudiate your claims and ideologies."

And in Atlantic City, following on the heels of the YMCA Convention, the Reds succeeded in getting a delegate mob to vote to ABOLISH WHITE YMCA'S; let them all admit Negroes and GO NEGROID!

TO SINGLE-TAXER INGERSOLL:

My Dear Friend:

You will recall, on our first meeting in New York, when you were saying, "I used to enjoy reading Washington Adams until he attacked Henry George," I laughed.

"Surely you are not Washington Adams?" your quick mind flashed, and I replied, "Indeed, I am."

Thereupon I mollified you somewhat by quoting from your distinguished kinsman, Col Robert G. Ingersoll, who, in his controversy with Prime Minister Gladstone of Great Britain, said:

"Most men are chilled and narrowed by the snows of age; their thoughts are darkened by the approach of night; but you in your later years have hastened toward the light and your mind has been an autumn that grew the more for the reaping."

You looked so healthy and well-preserved for your eighty years, the quotation seemed to fit you.

You showed me a large picture of yourself, surrounded by your lovely daughters and their handsome husbands and children—one of the finest-looking groups of old-stock Americans I ever saw.

We did not discuss Georgeism. I was in your office to meet you personally. I make it a rule never to discuss any man's religion or politics while a visitor or guest in his office or home.

My Broom friends were in error in thinking that I wrote an "article" attacking Henry George, whom I respect as a great American, although I do not agree with his main thesis.

Ye able Editor de Aryan published a part of my PERSONAL letter to him briefly answering an article he had written about my proposed Constitutional Amendment. I had not desired nor expected my letter to be published, although no wrong was done thereby.

In the Broom I am sort of "guest columnist"—and I would consider it impolite for me to criticise any of the pet ideas of my friend, the brilliant editor-publisher, although he has invited me to do so and affords perfect freedom of expression to good Americans (and sometimes to those who are not so good).

Hence, brother Ingersoll, your criticism will not draw me out, except to say that I suspect you had not read the speech of Senator Smith, supporting the infamous Red measure, FEPC, to compel employers to give **"equaliy of economic opportunity"** to the Reds—a socialist slogan, at that time being shouted every day by the Communist "Daily Worker."

And I ask you, is it the custom of Georgists to call all who disagree with their conclusions "ignorant"?

You know that there is one or more top colleges in each of the 48 States, and each one has a professor of political economy. I understand that not one of them believes in the single tax on land. They, of course, may be wrong, but surely you would not call them all IGNORANT!

Also, you will agree that economics is something that every citizen should endeavor to learn something about, and that one of the best ways of learning is to ask questions and challenge opinions, so that the truth may emerge from honest discussion.

Economics is perhaps the one subject I know most about. The late Robert H. Hemphill regarded me as an expert. If he were living, he would be glad to know that I am writing an answer to Karl Marx. And, even more than economics, my specialty is anthropology and ethnology—the science of human biology, of race, nationality and heredity, upon which I am preparing a book. I have some discoveries in each subject that are original with me.

Perhaps you would not mind my publishing a few **facts** about taxation and basic economics? It is from the exchange of ideas, however conflicting they may be, that truth slowly emerges into the light.

With assurance of my highest personal esteem,

Yours faithfully,
WASHINGTON ADAMS

UNRRA Fund Feeding Russ

WASHINGTON,—More than six million Russian military and police personnel in Soviet-occupied territory of Europe and Asia are living off the land—and the American taxpayer, through UNRRA, is supporting them.

In calling on UNO to take immediate steps to liberate the millions of unfortunate peoples from this Soviet yoke Representative Wasielewski (Demo.), Wisconsin, demanded that Red army occupational forces be supported and fed with supplies from their own homeland.

He cited Poland as only one example of the depletion and diversion of food supplies in the Russian-occupied lands **"that consequently require UNRRA aid to prevent complete starvation."**

There are more than two million Russian soldiers and one million Russian civilians policing Poland and living off the people and the land, he said.

"If these three million non-productive persons were not present," Representative Wasielewski added, "Poland's hunger and suffering might be wiped out and her need for UNRRA reduced.

"Under the present setup it may be truthfully concluded that in a large measure, either directly or indirectly, UNRRA is supporting the Russian occupation forces, whereas that is the sole responsibility of the Russian government.

"The same conditions existing in Poland prevail in all Russian dominated and controlled countries in eastern and southern Europe."

Allege Kurts a Stooge to Entrap "Anti-Semites" in N. Y.

SPECIAL SESSIONS COURT
QUEENS COUNTY

PEOPLE OF THE STATE OF NEW YORK
against
KURT MERTIG, HOMER MAERTZ, &
ERNEST ELMHURST, Defendants

State of New York
County of New York SS
City of New York

Kurt Mertig and Ernest Elmhurst being duly sworn, depose and say:

This is a joint affidavit on a motion for a new trial under Section 45, subdivision 7, Code of Criminal Procedure, based on newly discovered evidence. No part of this newly discovered evidence was known to us at the time of our trial in Special Sessions Court, sitting in Queens County on January 10, 1946. We were convicted that day of violating Section 2092, subdivision 3 of the Penal Law and sentenced on February 28, 1946 to six months each in the workhouse. A third person named Homer Maertz, was convicted with us in the same trial, by the same justices and sentenced to one year in the penitentiary. He should be included in a new trial.

This newly discovered evidence was discovered by Henry H. Klein the attorney whom we retained after our conviction. He alone was in a position to discover it after investigation. Were this newly discovered evidence received in our trial, it would undoubtedly have resulted in our acquital. We did not fail to discover it before or during our trial through any neglect or want of diligence on our part; nor is any part of this newly discovered evidence cumulative or impeaching.

This newly discovered evidence proves:

1. That we are the victims of a plot intended primarily to entrap another person who escaped the plot.

2. That the entrapment was engineered and manipulated by a man who calls himself Charles Smith, whose right name is Smithinius and who has a criminal record.

3. That said Smith used a man who calls himself C. Daniel Kurts, but whose right name is Casimir Kudelsky, to entrap us.

4. That said Smith is a friend of the lawyer who was pushed on us in the magistrate's court and who failed to properly defend us at our trial in Special Sessions.

5. That we are the victims of persecution by self-constituted agents of a certain racial group.

6. That the person primarily intended to be trapped but who escaped entrapment, is suing the New York Post for half a million dollars for libel.

7. That since our conviction we have obtained affidavits from a dozen persons who attended the open air meeting in St. Albans, Queens on the night of October 6, 1945—persons most of whom we did not know—who swear that we did not distribute literature at that meeting or say anything derogatory to Jews or the Jewish race and who will testify to that at a new trial. We will submit the original of these affidavits to the court and annex copies if requested by the court to do so. None of these persons testified at our trial, nor were we put on the stand in our own defense by our own lawyer though we have no criminal record.

The requirements of newly discovered evidence as the basis for a new trial, are set forth in a leading case (People vs. Priori, 164 N. Y. 459, 472) as follows:

1. It must have been discovered since the trial.

2. It must be such as could not have been discovered before the trial by the exercise of due diligence.

3. It muse be such as will probably change the result if a new trial is granted.

4. It must be material to the issue.

5. It must not be cumulative to the former issue.

6. It must not be merely impeaching or contradicting the former evidence.

We are sure that our newly discovered evidence complies with all these requirements. Only our new attorney whom we retained after our conviction, was in a position to discover this new evidence.

Wherefore deponent prays for an order granting them a new trial; that their trial be transferred to the County Court where they may be tried by a jury; that they be admitted to bail pending a new trial, and for such other, further and different relief as to the court may seem just and proper.

Will German-Americans Organize in New York ?

Rikers Island Penitentiary, N. Y. 3-15-46

Dear Mr. de Aryan:

I wrote you a week ago relative to the weekly meetings of the Citizen's Protective League, recently re-assembled for the purpose of issuing an appeal to as many Aryan citizens of good will as we could reach in Greater New York City to:

"STAND TOGETHER in malice to none, in greed for nothing, but in defense of those causes which we hold dear not only for our benefit, but because we believe they mean the honor and the happiness of long generations of men"

And to form a:

"GERMAN-AMERICAN BENEVOLENT VOTERS LEAGUE"

By voting together in this year's coming elections of a new U. S. House of Representatives—and one third of the U. S. Senate—a new progressive spirit, truly representative of the will of the U. S. population, might be infused in our Congress' handling of our country's national and international affairs to do away with the stalemate created by thirteen years of misrule by the "New Deal" Administration, also to **insure a fairer proportional representation to the thirty million Americans of German descent and finally put an end to the Jewish control of our courts** and restore equal justice under law.

And last but not least, to **put an immediate stop to that asinine and criminal "Morgenthau" murder plan** so naively adopted and even enlarged upon by President Truman at the Potsdam Conference, **to make a goat pasture of industrial Germany, to starve and freeze to death millions of innocent German women and children** and to sell into Russian, French etc., slavery German civilians, irrespective of age or sex, as former German soldiers—who had maintained a higher degree of military discipline than any of the highly propagandized motely soldatesca of their adversaries— and that for mostly imaginary offenses cooked up by the "holier-than-thou" lick-spitle amateurs sent over there to rule as masters over life and death in the presently prostrate occupied and split-up German state, with the only possible final result, i. e. **the creation of an economic vacuum in Central Europe** which is bound to cause **another world-wide depression of unforseeable consequences and,** ultimately, another WORLD War.

Miss von Weinrich, acting chairman of the Citizens' Protective League since my unconstitutional imprisonment, will have written you about pressure brought on owners and lessees of New York meeting halls not to allow the League the use of their meeting rooms to petition and protest the scandalous railroading of three men sentenced to long terms in the workhouse for merely exercising their right of free speech, free press and free assembly, guaranteed them under the U. S. Constitution.

I would appreciate giving this message publicity in your newspaper.

Sincerely,
KURT MERTIG, Chairman, Citizens' Protective League.

Mental Cases Hit New High in State

SACRAMENTO,—February marked an all time high in admission of patients to California mental hospitals, the State Department of Mental Hygiene reported.

A total of 829 persons were admitted during the month, a 5 per cent increase over January, 1945.

The Department reported over-crowding also reached a peak of 23.9 per cent. An appropriation of $57,500,000 made by the recent special sessions of the Legislature for construction of additional mental hospital facilities eventually will relieve the congestion.

THE AMERICAN HEBREW, leading Jewish journal, for March 1, carried following statement: "For the anti-Semite has no morality, and he has no conscience. He understands but one language, and he must be dealt with on his own level. The **Purim** Jews stood up for their lives. American Jews too must come to grips with our contemporary anti-Semites. **We must fill our jails with anti-Semitic gangsters,** we must fill our insane asylums with anti-Semitic lunatics, we must combat every alien Jew-Hater, **we must harass and prosecute** our Jew baiters to the extreme limits of the laws, we must humble and shame our anti-Semitic hoodlums to such an extent that none will wish to dare to become 'fellow-traveler' . . . Jews Are Excluded From N. Y. Social Clubs

Athletic Club Ripped Out Wires to Halt "Mixed" Meeting

NEW YORK, April 11 (Special),—Walter Lipschitz (Winchell) related in his column a few days ago about a man named "Brennan," who applied for membership in the biggest Athletic Club in this city, and failed to fill in the blank as to his church affiliation.

Called before the committee, Brennan replied "Catholic, but why does that matter?"

"Well," answered the officer, "we don't take in Jews as members."

Lipschitz wrote that the man asked for a return of his initiation fees; "I won't join your club, you punks," he declared.

Outlanders perhaps do not know (but Winchell does) that not one top social club in this city will accept either Jews or Negroes as members.

The late Franklin D. Roosevelt for many years belonged to FIVE different social clubs from which Jews were and are rigidly excluded. He never resigned, "renigged," nor, so far as is known, protested at the rule.

The famous "Social Register" and the Directory of Club Members in New York (a very large book) do not contain the name of a Jew.

The Red press of New York the past week has raised a great noise about a group of 32 persons representing "TRUE" magazine which tried to hold a meeting in one of the rooms of the N. Y. Athletic Club. When it was found that two Negroes were present, one of the Board of Governors is reported to have said,

"You've got to get these G—damned Negroes out of here or we'll turn off the lights." ("PM", March 28).

When the Negroes remained, and the group voted to sit in darkness, an electrician ripped out the wires, and that was the last meeting for the magazine "True" in the N. Y. Athletic club.

Well-informed observers believe that before the end of the summer we might easily be at war with Russia **unless** we are thrown into chaos by a general strike promoted by Russia's agents in the United States.
